## S.R.C. President's Message

In extending a welcome to the freshmen of 1951 and to those of previous years who have returned to the University, the Students' Representative Council hopes that this will be an excellent year in student activities. But they know that success depends on your full participation more than it has done in several years.

Enrollment is now back down to normal. Few of the veterans who dominated student government since 1945 are left. This leaves more opportunities to lead and obligations to serve to the younger students. The preferences of the younger students will once more determine the ways in which student funds are spent.

The volume of student funds has decreased. Student activities reached a peak of organization in the post-war years of large enrollments and ample funds. Rising costs and falling receipts will necessitate the curtailment of some student activities. The Council will try to allocate funds to keep up the most worth while activities. If time and effort can replace funds, the Council, with your help, will do better with less.

ART WOOD.

# M.U.B.

Along with all the rest of your fees this year, you, the student at the U. of S., paid four dollars to the Memorial Union Building Fund. Students have been paying this since 1946 when plans first started to build a Student Union Building. Since then fund raising has been under way and a sum of well over \$300,000 has been accumulated in both cash and pledges.

Architectural plans have been drawn up and a start on the building now waits only on a steel permit from the Federal Government. The first part of the building to be completed will contain Student Offices, Lounges and a Cafeteria.

BOB FRASER.

# P.K.D.

Pente Kai Dekka is an organization to which we should all be proud to belong. Every girl on the Campus is a member of our sorority.

We are pleased to have Mrs. W. P. Thompson and Mrs. B. Bujla for our Honorary Members this year. In addition, our council is composed of representatives from each college.

The primary objects of P.K.D. are "to promote the interests of women students of the University and to serve as a medium of communication between women students, 'U' authorities and the 'U' organizations." In view of this we sponsor several functions during the year. The first big event is the "Big Sister, Little Sister" dance in October, followed by the "June in January" dance after Christmas. For this latter dance, girls ask boys and everyone dresses in summer clothes. The annual spring tea brings P.K.D. activities to a close for another year.

It is my sincere hope and that of the council, too, that 1951-52 P.K.D. activities will be as successful as those in the past.

SHEILA ELLIOTT.

# N.F.C.U.S.

The National Federation of Canadian University Students is the national body uniting students from 21 Canadian institutions of higher learning. With a national office and full-time staff at Ottawa, the federation is in a position to speak authoritatively on behalf of the students of the country. Besides pressing for reductions in fees and textbook prices and an increase in scholarships and loan funds, N.F.C.U.S. sponsors a student travel service and an inter-regional scholarship plan of its own. Internationally, N.F.C.U.S. speaks for Canadian students in conferences with the students of other countries. On the campus, N.F.C.U.S. activities are sponsored by a local committee.

DON MCGILLIVRAY.

# P.R.D.

The Public Relations Directorate is relatively new on the campus, consequently precedents and policies are rather scarce. The by-laws of the constitution of the S.R.C. lay out the duties and responsibilities of the directorate in a very general way, and I refer you to them. But what the directorate needs to survive and to function in an advantageous manner, are definite policies and definite techniques, mechanisms with which to implement these policies. Public relations are basically in the hands of the student body. This directorate operates under the guidance of the S.R.C. to make your opinions, your activities known. It is difficult to know what these are without the student body's co-operation. On the other hand, if an individual feels there is a programme of which the student body should be informed, this department will lend its support and co-operation.

On behalf of the members of the directorate and myself I would like to welcome our new students and wish them a successful year.

BOB SPICER.

## The Sheaf

The Sheaf is an informal student club as well as the directorate charged with the responsibility of producing the S.R.C. newspaper. This year The Sheaf has reverted to weekly production since the level of student enrolment has receded to normal proportions, following the veterans influx in early post-war years.

The staff normally consists of an editor, associate editor, C.U.P. editor, sports, features and news editors, and personnel for these departments, as well as an editorial board and business staff.

During the course of the term a banquet and dance is held in conjunction with Greystone and Radio. The Sheaf annually trounces the Greystone staff in the notorious hockey game for the well known Horse Collar Trophy. By dint of subterfuge and skullduggery, Greystone secured the collar last term, but the well-worn badge of honor will undoubtedly return to its rightful place this term.

# Music Directorate

Music on the campus has always been on a high level. I only hope that this year will be no exception. The highlight of the year is the operetta, of course. It is rumored among responsible circles that this year's production will be "The Desert Song." To do this show justice, everyone and anyone interested in the various aspects of production will have to participate. If you can't sing, come out for costume. If you know nothing about costumes, then come out for make-up or scenery. Remember, this is your show. Let's all see you out for it.

JOHN KOZAK.

# Social Directorate

It is a pleasure for me, on behalf of the Social Directorate, to welcome you to the U. of S. I hope that you will take part and enjoy the functions that we have planned for you.

The Social Directorate is composed of representatives from each college, faculty advisers and a president elected by the students as a whole. Anyone, however, who is interested in social work may join at any time. If you are, see your college rep. or the president of the directorate.

The directorate is convening many all-Varsity as well as college functions for the year so that no one should be left out. However, if these are to be enjoyable for you, we must have your utmost co-operation, both in participation and good will. So come yourself, bring your friends, all of them, to the various functions of the year.

# I.S.S.

"International Student Service is a free and voluntary association of more than thirty different national committees. I.S.S. has no political, racial, religious or national axe to grind; neither has it any 'membership' in the usual sense of the word, for it is truly said that I.S.S. exists as a function of the University and a service to the University. All members of the University world, students, faculty and graduates, are therefore parts of the whole; and the whole is the agency through which they work for better understanding and closer co-operation between the parts."—Greystone, 1950.

These words, written by one of the I.S.S. Summer Seminar students, give an accurate portrayal of I.S.S. Remember, each of you belong, and your support of and participation in this organization is welcome and needed at all times.

### ATHLETIC AWARDS

Girls playing on senior teams are awarded either senior or junior colors. These take the form of felt arm bands in various colors representing the various sports. Bands bearing a star signify a winning team. Managers of each sport receive a manager's "S".

Any girl having the equivalent of two senior colors receives her Block "S", while any girl who receives six colors is awarded the Major Athletic Award, the highest athletic award on the campus.

Awards for girls who successfully pass certain swimming tests consist of minnows, silver and gold fish. The Betty Moore Trophy is given to the winner of style swimming competition.

Other trophies include beginner's fencing, badminton and skiing. There are also trophies in interfaculty basketball and volleyball for the most valuable player.

JEAN WIMMER.

## M.A.B.

The purpose of the Men's Athletic Board is to promote and direct senior and intersarsity athletics on the campus.

Because of lack of competition it has been found necessary to drop football, track and fencing from the intersarsity picture, but the M.A.B. still proposes hockey, basketball, wrestling, boxing, curling, tennis, badminton and golf teams.

We urge all those interested in these athletics to try out for a place on a senior team. The M.A.B. is also interested in obtaining student managers for the teams.

The members of the board will welcome any of your suggestions or criticisms concerning our program. The success of the M.A.B. depends upon student participation, interest and enthusiasm.

The board for 1951-52 will be composed of the following members: Bob Arnott, Mike Thompson, Morely Mricklejohn, Earle Stinson, Art Deiahey, Gary Last, Jim Kernle, Oz Phillipps, Jack Armitage and Reg. Dorrett.

**ART WOOD**

Art Wood—ex-R.C.A.F. navigator from Minnedosa, Manitoba, Graduate in Arts and in Agriculture and is now Mastering in Economics. Was winner of the Governor-General's medal last year.

Has had varied experience in student activities. Was Debating Director and S.R.C. president at Regina College. Debated on the MacKenzie, Hill and McGoun Cup teams and was prime minister of the Parliamentary Forum in his second year. Served on the editorial board of The Sheaf for two years. Was president of the Agricultural Student's Association and served on the S.R.C. executive last year.

Interests are equally divided among the academic, student government and the domestic. Is married and has three young sons.

The Pente Kai Deka and the vice-presidency of the S.R.C. are in very capable hands this year. Sheila Elliott hails from Moose Jaw and while attending Central Collegiate there, she received the basic training for the duties and responsibilities she will undertake this year. Sheila entered the College of H.Sc. in 1948, and since that time she has worked very effectively in the interest of her college and of the University as a whole. In her second year Sheila served on the H.Sc. executive, in 1950 she was social director of her college and played basketball with the Interfaculty champs. Sheila was at work on this year's programme before the term began. Early in the fall she attended the N.F.C.U.S. Conference in London, Ontario as a representative of the U. of S.

**SHEILA ELLIOTT**

**KEN MacLEOD**

This year your S.R.C. secretary will be Ken MacLeod, a first year law student. A former student of Regina College, this is only Ken's second year at U. of S. but already has a wide variety of campus interests (including co-eds). Ken is 24, single, and able to do his own cooking. Calls Tisdale his home town.

A former school teacher, bookkeeper and salesman; genial and energetic, Ken brings a host of experience to the position of secretary and will do much to make campus activities a success.

A graduate in Law and now in his final year in Arts, Ben Wolff heads the Social Directorate for year 1951-52. He hails from Liberty and is free, white and 21. Ben's hobbies are tennis, sailing and ———. His pet dislike is getting up in the morning. Ben's plan for next year is to get started on his law career.

**BEN WOLFF**

**JOHN KOZAK**

The Music Directorate this year is under the capable management of young, energetic and personable Johnny Kozak. A second-year law student, John has played violin in the Saskatoon Symphony for the last five years. Last year he played Rudolph in "Naughty Marietta" and was concert master in Neil Harris' original production "If You Please." We anticipate great things from the Music Directorate this year.

**DON MCGILLIVRAY**

This year a student of Economics and Political Science is the N.F.C.U.S. representative on the campus. His likes are numerous—the most favored is rest. A native of that mill city, Moose Jaw. Military experience—acting lance corporal in the Army Cadets for one day (without pay). non-military—never mind. With Don as head man a successful year lies ahead.

Meet your W.A.B. president—Jean Wimmer from Saskatoon. In Type B Arts, future plans include social work. Last year Jean was president and Senior Stick of the W.A.S.A. and on the S.R.C. executive. An enthusiastic swimmer, she has won the provincial Wrigley one mile for four years. She has been a staunch member of the intervarsity swim team and a participant in interfac basketball and volleyball. Jean's keen enthusiasm and organizational ability promise a banner year for the W.A.B.

**JEAN WIMMER**

**BRIAN WARD**

Brian is a fourth Education student, hailing from the Queen City. This 22-year-old athletic first entered the University in 1949. He has played two years of Huskie basketball, one year of Huskie football and has also served on the M.A.B. for one year.

**BOB SPICER**

The College of Commerce seems to be producing many outstanding individuals these days and among these is our P.R.O., Bob Spicer. A resident of Saskatoon, Bob graduated from Nutana in 1948 and is now enrolled in third year Commerce. The year of absence in '49 is quite easily explained, says Bob. The Dean insists he threw him out, Bob claims he quit. The dispute is yet unsettled. His interests are hockey, basketball, tennis, golf and "getting a wife before going bald." His dislikes: 1. Getting up in the morning; 2. Stan Kenton records. 3. People who say "I told you so."

Seriously though, Bob's experience, his dynamic personality and good looks guarantee us a very successful year in the department of Public Relations.

Third year Law—Secretary last year of the Students' Council—hopes this year to see the M.U.B. start building. Contrary to public information in this directory last year, he is not interested in women. Brought up in Saskatoon, but likes on occasion to admire the banks of the Wascana in Regina. Hopes to retire to a legal life in Calgary next spring.

# History

The cornerstone of the first building was laid by Sir Wilfrid Laurier on July 29, 1910, and the buildings were opened for the admission of students in October, 1912.

On September 28, 1909, 70 students were registered in the College of Arts—classes were held down town in the Drinkle Building—present site of Pinder's Drug Store.

Engineering laboratory was the first University building to be built. It was erected in 1910 and burned on Friday, March 12, 1925. It was rebuilt the same year.

All University buildings planned up to 1939 were designed by Messrs. Brown and Valance, Architects.

In 1907 the first active steps were taken in Alberta and Saskatchewan to organize universities.

The University Act placed the ultimate control in the hands of Convocation, consisting of University graduates residing within the province. Convocation elects the Chancellor and twelve of the seventeen Senate members. This Act was passed to place the University beyond the hands of political parties.

The University began with the purchase of a campus of 283 acres for buildings, a farm of 880 acres and an experimental plot of 160 acres of virgin prairie, a total of 1,333 acres which were purchased at a cost of \$150,000.

The ashes of Sir Frederick Haultain, Chancellor of the University of Saskatchewan from 1917 until his retirement in 1938, are buried in a spot just outside the Memorial Gates.

Mr. John Bracken, former leader of the Progressive Conservatives, was Professor of Field Husbandry at the University of Saskatchewan, 1909-1921.

When planned, many questioned the advisability of planning a University that would accommodate 5,000 students.

Emmanuel College arrived in Saskatoon from Prince Albert in the Autumn of 1909. The College is described thus in The Sheaf of 1912: "The car roofed dormitory, a combined lecture hall and chapel, a dining hall, a shack for the Dean, and another for a social room, comprised the set of buildings for a College of 34 students . . . More accommodation was required for the second year . . . so six shacks and a new lecture hall were built."

# Make This Your Company

The Mutual Life of Canada, a company operating on the principle of Mutuality—"Each for All, and All for Each"—is but one year younger than the Dominion. Its story has run parallel with that of the nation.

It was the first Canadian Company organized without any capital stock. All profits from all sources belong to policy-holders.

May I assist you in selecting the plan that will meet your need?
